

LAKEHEAD AMATEUR RADIO CLUB

November 1953

The Next regular meeting of the Lakehead Amateur Radio Club will be held Tuesday, November 24th at 8 pm in the Club Rooms basement of the Court House Building Donald Street, Fort William.

Your Executive held a meeting Tuesday November 17th, and thoroughly discussed plans for the ensuing meeting.

Topmost on the agenda was the Club Station. We feel that within a very few weeks time we will be on the air. Again we would like to thank Frank Start - VE3AJ for his generous efforts on behalf of the Club.

Remember fellas the first Tuesday of every month is the Work Meeting. Even if you feel that you might not take an active part in this enterprise, try and be out anyway even if just to shoot the breeze.

Well fellow members the first Civil Defence drill has come and gone, and I understand that those in charge were more than pleased by the work done by those members of the Club in the communications field.

I'm sure if you did not happen to be listening in to the proceedings, you will be favoured with a few interesting highlights on the night of the meeting.

Oooooo-oooooO

AUCTION

AUCTION

AUCTION

It has been decided to hold one of those ever popular Auction Sale at this meeting. So now is the time to dig into the Junk Box for a little anticipated Spring Cleaning. The purpose of this event is to put a few odds and ends in a box, and the proceeds from sales will go into Club funds. Aside from any monetary value this little scheme is intended for an interest gesture.

The Auctioneer is yet to be chosen, so come right along men and remember to stick your gavel in your hip pocket.

Is any member of the Club interested in obtaining an antenna pole. Your Secretary is presently negotiating with a certain bushman gentleman, and if we are able to get enough orders, it is entirely within the realm of the factual, that within our very own yards a sylvan giant might grow - a beautiful sight to grace the front lawn of any red-blooded Member of the Ham fraternity.
